WORK EXPERIENCE

Hermes Electronics Co.

Junior Engineer

Jul. 2023 – Jul, 2025

- Supported circuit design and prototyping for analog and embedded systems
 - Assisted senior engineers in troubleshooting PCB layouts and firmware development
 - Contributed to team efforts in quality control and testing of electronic modules
-

EDUCATION

University of Birjand

Bachelor's

Major: Electronics Engineering

Khorasan

Oct. 2021 – Dec 2026

Birjand, Southern

- **GPA: 3.0/4.0**; Teaching Assistant; Digital Systems I Course
-

PROJECTS

**BreastScanNet
2025**

Jan. 2025 - Jun.

- Developed a deep learning model to assist in early detection of breast cancer through medical imaging, integrating AI techniques for improved diagnostic accuracy
-

VOLUNTEER EXPERIENCE

Electrical Engineering Science Faculty of Birjand University

Faculty Member

Khorasan

Dec. 2022 – Jun. 2023

Birjand, Southern

The Writing Club of Birjand University

Vice President

Khorasan

Oct. 2024 – Present

Birjand, Southern

The Speech & Performance Club of Birjand University

Club Member

Jan. 2025 – Present

Birjand, Southern Khorasan

SKILLS, TECHNOLOGIES, LANGUAGES & INTERESTS

Skills: Data Acquisition & Signal Processing; Analog & Digital Electronics; Embedded Systems Development ; Microcontroller Programming (STM32, Arduino); Control Systems Engineering; MATLAB & Simulink; PCB Design (Altium, KiCad); Circuit Design & Simulation (LTspice, Multisim); Deep Learning & Neural Network Modeling (TensorFlow, PyTorch); Firmware Development (C/C++, Assembly)

- **Programming Languages:** C, C++, Python
- **Technologies:** Altium Designer; Visual Studio Code; Proteus Design Suite ; STM32cubeIDE
- **Languages:** Persian; English
- **Interests:** Video Games; Tabletop RPGs; Political Philosophy; Sci-Fi Books; Economics Books; History Books; Fantasy Novels; Animated Movies & TV Series; *JoJo's Bizarre Adventure*
